TWELVE (12) MONTH WARRANTY

Laars Heating Systems Company (hereinafter referred to as the Company) warrants to the original purchaser or original user that all LAARS GAS FIRED WALL HUNG BOILERS sold by it and all parts thereof are free of defects in material or workmanship under normal use and service. The Company's sole obligation under this warranty shall be limited to furnishing replacement parts, for 24 months from the date of the initial installation of the heater, but not to exceed 30 months from the date of shipment by the Company for the boiler for any parts which the Company's examination shall disclose to its satisfaction to be defective. Defective parts to be returned to the company, transportation charges prepaid.

WARRANTY OF PRIMARY and SECONDARY HEAT EXCHANGERS

The Company warrants to the original purchaser or original user of LAARS GAS FIRED WALL-HUNG BOILERS that it will at any time during the warranty period, as designated below, furnish primary and/or secondary heat exchangers F.O.B. Rochester, NH, for any primary and/or secondary heat exchanger which is provided to the satisfaction of the company to be inoperative due to defects in material or factory workmanship. The Company's sole obligation under this warranty shall be limited to furnishing primary and/or secondary heat exchangers.

This warranty shall cover the replacement of the primary and/or secondary heat exchangers only as described for the time period of 10 years (120 months) from date of original purchase.

GENERAL CONDITIONS The warranties set out in this certificate are the exclusive remedy of the original owner or user in lieu of all other warranties written, oral or implied (including any warranty of merchant ability or fitness for the purpose) and all other obligations or liabilities on the part of the Company, and the Company neither assumes nor authorizes

any person to assume for it any other obligation or liability in connection with the sale, installation or use of the boiler or any parts thereof.

The Company will not be responsible for labor charges for the analysis of a defective condition in the boiler, for the installation of replacement parts, or for any collateral expenses caused by the failure.

The warranties provided herein will not apply if input of the boiler exceeds the rated input as indicated on the name plate, by more than 2%, or if the boiler in the judgement of the Company has been subjected to misuse, negligence, accident, corrosive atmospheres, physical damage to the boiler, alterations by unauthorised service, operation contrary to the Company's instructions or if the serial number has been altered, defaced or removed. The Company shall not be liable for any default or delay in the performance by it of these warranties caused by contingency beyond its control, including war, government restriction of restraints, strikes, fire, flood or short or reduced supply of raw materials, or parts.

The warranties herein shall be null and void if the boiler is not installed by a trained heating contractor and/or if the boiler is not installed according to Company instructions and/or if the boiler is not maintained and repaired according to Company instructions.

Written permission is required for the return of any parts or equipment and any such return must be made on the basis of transportation charges prepaid. Shipments may be refused unless prior written permission is obtained and goods returned prepaid.
